A great show with just over 500 blooms delighted over 15,000 people at the annual Heirloom Expo in Santa Rosa, California. Mennonite, marijuana and miscellaneous gardener types met to compare and confabulate. Giant pumpkins and a 30' mountain of mellons, gourds and squashes were surrounded by 800 varieties of tomatoes. We had over 5000 votes for people's choice! We are so appreciative of the Jere Gettle family and the Baker Creek Seed Company for providing such a great venue for our show, awarding magnificent ribbons and donating \$2,000 in prize money. Wow!
