

News from ADS!

Happy New Year!

For dahlia growers, the "New Year" takes place when we begin to wake up the tubers and germinate seed. With the turn of the calendar year, our plans for the dahlia patch and patio garden are a welcome distraction from the cold weather. I, for one, think about the new varieties and old favorites that will bloom gloriously in 2018.

A few of the 2018 introductions:

Clearview Peachy,
winner of the
Derrill W. Hart Medal

AC Jeri,
winner of the
Derrill W. Hart Medal

Baron Sylvia S, winner
of the Evie Gullickson
Medal

While there are many sources of new dahlias, we are partial to suppliers that support the American Dahlia Society by advertising in the "ADS Bulletin", our quarterly membership publication and/or by being an ADS Business Partner.

Please support our business partner and advertisers - listed below.
